

ASAWARI SAKHARKAR

UX Researcher | UX Design | Information Designer

Maharashtra, India | +91 9623614974 | asawarisakharkar2000@gmail.com | [LinkedIn](#) | [Portfolio](#)

SUMMARY

Information Designer with a research-driven, multidisciplinary background spanning qualitative UX research, data visualization, and front-end development. Experienced in translating ambiguous product questions into research plans, synthesizing user evidence, and turning insights into product and design decisions. Brings two years designing for regulated, compliance-heavy pharmaceutical environments, with a strong grounding in accessibility, localization, and production constraints.

EXPERIENCE

UX Design Intern - Cosmino 04/2026 – 06/2026 · Pune, Maharashtra

- Conducted 15+ semi-structured user interviews to investigate product strong points and expectation for the product background
- Synthesized interview findings into 4 primary user segments and end-to-end journey maps, surfacing patterns across complex workflows for cross-functional stakeholders
- Translated research insight into 20+ redesigned website pages, improving information hierarchy and content discoverability based on evidence rather than assumption
- Designed 30+ mobile app screens by translating research findings directly into interaction flows and feature recommendations that shaped product roadmap decisions
- Built the Business Model Canvas and partnered with 3 cross-functional teams to connect research findings to business and marketing strategy

UI/UX Design Intern - Diginovators 05/2024 – 06/2024 · Pune, Maharashtra

- Designed responsive web interfaces for 2 client projects, working directly with project managers and senior designers
- Presented design concepts and research rationale during review sessions, incorporating stakeholder feedback across 4+ iterations
- Created 15+ wireframes and high-fidelity prototypes throughout a structured design-thinking process

UI Developer - Red Nucleus 05/2022 – 04/2024 · Pune, Maharashtra

- Built and maintained 25+ e-learning modules for global pharmaceutical clients, working within strict compliance, accessibility, and multi-market localization constraints
- Performed systematic QA across desktop, mobile, and tablet devices, identifying and resolving 100+ usability and responsiveness issues
- Collaborated daily with designers, developers, and QA specialists, translating design intent into production-ready outcomes
- Contributed to design decisions on typography, spacing, color, and accessibility standards to protect consistency at scale

EDUCATION

Master of Design (M.Des.), Information Design & Data Visualization - CGPA: 8.95

MIT Institute of Design, Pune · Expected Jul 2027

Diploma in UI/UX Design

Edit Institute, Pune · 07/2023 – 12/2023

Bachelor of Technology, Electronics Engineering - CGPA: 8.08

Vishwakarma Institute of Technology, Pune · 08/2018 – 08/2022

SKILLS

UX Research: User Interviews · Usability Testing · Research Planning · Qualitative Synthesis · Journey Mapping · Persona Development · Pattern Identification

UX / Product Design: Information Architecture · Interaction Design · Wireframing · Prototyping · Design Systems · User Flows

Data & Information Design: Data Visualization · Tableau · Power BI · Information Design

Collaboration: Stakeholder Communication · Presentation & Storytelling · Workshop Facilitation · Cross-functional Collaboration

Tools: Figma · Miro · Tableau · Power BI · Microsoft Office Suite
